Dear Colleagues,

I'm writing to announce that effective February 1st Dr. Doug McElroy will begin transitioning from his role as Associate Vice President for Enrichment and Effectiveness to resume his duties as Professor in the Department of Biology in Fall 2019. I greatly appreciate that Dr. McElroy will be available during the current semester to help this office, as needed, particularly with regard to SACSCOC. As part of this transition, Institutional Research, Student Publications, the Suzanne Vitale Clinical Education Complex, the Kentucky Museum, Forensics, and the Office of the Registrar will report directly to the Provost until further notice. Ms. Jessica Steenbergen, Scheduling Application Coordinator, will report to Dr. Merrill Price, Special Assistant to the Provost.

Going forward, all questions related to the Comprehensive Academic Program Evaluation (CAPE) process should be directed to Dr. Price (merrall.price@wku.edu or 5-8985).

Please join me in thanking Dr. McElroy for his more than ten years of excellent contributions and service to the Office of the Provost and the Division of Academic Affairs.

Sincerely,

Terry Ballman
Provost & Vice President for Academic Affairs
